Franklin Place Capital advised the Company
on this Transaction

"Franklin Place came in with incredible insight into the market for our business. They did the research, explained each phase of the process, did all the projections, prepared a comprehensive CIM, structured the transaction, worked with the bank and broke down the offers with different options that affected purchase price. I appreciate all of your work to get us to the finish line, you made my life much easier."

- Tim G.

As part of the transaction, Franklin Place Capital also advised CMS on a variety of needs including: validation of the company's enterprise value with interested third parties, LOI negotiation, working capital, financial structure and due diligence requirements.
